RESPONSIBLE PRINTING WITH PREMIUM QUALITY

The ecological choice. Uses fewer natural resources whilst guaranteeing a premium quality performance.

Give a tree your name. Your customer can give their name to one of the several million trees grown every year in our forest.

100% Satisfaction. High quality, cost efficient, office paper backed by a Product Replacement Guarantee.

PRESERVING BIO-DIVERSITY

CONTRIBUTING
TOWARDS
PRESERVING THE
ENVIRONMENT

We integrate biodiversity conservation in our forest management model, built upon partnerships with environmental organizations.

GREEN INNOVATION

FIGHTING CLIMATE CHANGE:

Our forests store the equivalent to the CO₂ emissions generated by 1.5 million cars driving around the globe, and each year fixed more than twice the fossil CO₂ generated in all our mills. Our Give a Tree Your Name program not only promotes responsible reforestation, giving you a real part in the prevention of global warming, but also contributes to biodiversity protection and preservation.

Increased usage of renewable energy – more than 68% of the total energy we produce is obtained from renewable resources.

ECO-LOGICAL - PREMIUM QUALITY WITH NATURE PROTECTION

Like you, Navigator cares about the environment. That's why each and every year we grow more than 12 million trees of different species in our forest nurseries. We can plant one in your name.

EXCELLENT ECO-LOGICAL PERFORMANCE

The paper you choose is crucial in determining your printer's lifespan and the quality of your printed work. Recycled papers release more dust, which is harmful to your printing equipment and reduces its lifespan. In addition, recycled paper is noticeably darker, and therefore not ideal for colour printing. Navigator Eco-Logical is made from *Eucalyptus globulus* fibres, which provide a bulkier sheet, with fewer jams and better toner absorption. It is a thicker, whiter and more opaque premium office paper, ensuring you get the best printing results.
